**Volume 11419**

Proceedings of SPIE 0277-786X, V. 11419

SPIE is an international society advancing an interdisciplinary approach to the science and application of light.

Disruptive Technologies in Information Sciences IV, edited by Misty Blowers, Russell D. Hall,  
Venkateswara R. Dasari, Proc. of SPIE Vol. 11419, 1141901 · © 2020 SPIE  
CCC code: 0277-786X/20/\$21 · doi: 10.1117/12.2572667

Proc. of SPIE Vol. 11419 1141901-1

The papers in this volume were part of the technical conference cited on the cover and title page. Papers were selected and subject to review by the editors and conference program committee. Some conference presentations may not be available for publication. Additional papers and presentation recordings may be available online in the SPIE Digital Library at [SPIDigitalLibrary.org](http://SPIDigitalLibrary.org).

The papers reflect the work and thoughts of the authors and are published herein as submitted. The publisher is not responsible for the validity of the information or for any outcomes resulting from reliance thereon.

Please use the following format to cite material from these proceedings:

Author(s), "Title of Paper," in *Disruptive Technologies in Information Sciences IV*, edited by Misty Blowers, Russell D. Hall, Venkateswara R. Dasari, Proceedings of SPIE Vol. 11419 (SPIE, Bellingham, WA, 2020) Seven-digit Article CID Number.

---

**Paper Numbering:** *Proceedings of SPIE* follow an e-First publication model. A unique citation identifier (CID) number is assigned to each article at the time of publication. Utilization of CIDs allows articles to be fully citable as soon as they are published online, and connects the same identifier to all online and print versions of the publication. SPIE uses a seven-digit CID article numbering system structured as follows:

- The first five digits correspond to the SPIE volume number.
- The last two digits indicate publication order within the volume using a Base 36 numbering system employing both numerals and letters. These two-number sets start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B ... 0Z, followed by 10-1Z, 20-2Z, etc. The CID Number appears on each page of the manuscript.

# Contents

---

## VISUALIZATION TOOLS AND TECHNOLOGIES

---

- 11419 02 **A terabyte-scale geometry query engine for the generation of synthetic radiative transfer sensor imagery** [11419-1]
- 11419 04 **Optic disc localization in retinal images using deep learning frameworks** [11419-3]

---

## TACTICAL MILITARY OPERATIONS

---

- 11419 07 **A cost model of communication in distributed tactical environment computations** [11419-6]
- 11419 08 **A novel approach towards computing global maps for multi-robotic operations in tactical environments (Invited Paper)** [11419-7]
- 11419 09 **Adaptive computation at the tactical edge using a proactive resource allocator for reduced latencies (Invited Paper)** [11419-8]

---

## ADVANCED SOLUTIONS FOR SECURING HARDWARE

---

- 11419 0B **A zero-sum game theoretic approach for mitigating counterfeit integrated circuits in supply chain (Invited Paper)** [11419-10]
- 11419 0C **Variable word length: a quantum-proof encryption solution** [11419-13]

---

## ADVANCED HARDWARE ARCHITECTURES

---

- 11419 0F **Solving machine learning optimization problems using quantum computers** [11419-16]

---

## CYBERSECURITY AND MACHINE LEARNING

---

- 11419 0G **Assuring autonomy (Invited Paper)** [11419-17]
- 11419 0I **Artificial intelligence presents new challenges in cybersecurity** [11419-19]

---

#### ADVANCED COMPUTER ALGORITHMS

---

- 11419 0K    **Deep learning for modulation and coding rate classification of OFDM** [11419-23]
- 11419 0L    **Analysis of possible frameworks for a graphical query editor in a web application** [11419-24]
- 11419 0M    **Compression artifact mitigation for face in video recognition** [11419-25]

---

#### ENABLING NEXT GEN COMMUNICATIONS NETWORKS I

---

- 11419 0N    **Detection and isolation of black hole attack in mobile ad hoc networks: a review** [11419-27]
- 11419 0O    **The network link outlier factor (NLOF)** [11419-28]
- 11419 0P    **Learning lessons from smart phone developers for cyber physical systems** [11419-29]

---

#### ENABLING NEXT GEN COMMUNICATION NETWORKS II

---

- 11419 0Q    **Evaluating features for network application classification** [11419-30]
